NS1602

NS1119

NS003

NS007

Green NS003

Both NS003 NS007 are green color, a much cooler color like new leaves in spring and this green is a relaxing color, it has a low water absorption and is suitable for swimming pool, park paving and bathroom. NS003 has the very hard material, NS007 has the attractive color veins but the surface rough. and the thick tiles.

Black NS018

- A: One side natural, the other side calibrated, four edges machine cut
- B: One side natural, the other side calibrated, three edges machine cut, one edge bull nose
- C: One side honed, the other side calibrated, four edges machine cut
- D: One side honed, the other side calibrated, three edges machine cut, one edge bull nose

For bigger slabs and tiles must be machine cut and then flamed and calibrated.
